Executive Director's Comments Throughout the pandemic th region has continued to flourish and the Library is no exception. Toledo has been named as the top location for small businesses. The Library is part of that vision moving forward bringing new services and working with the community. This is the context for the Library's new strategic roadmap. The Library engaged Root Inc. to work with us on leadership team development and strategic planning. Root conducted background interviews, collected data about the Library, and led four, four-hour intensive team building sessions with the leadership team. Mr. Kucsma is excited to share the ground rules, underlying beliefs and strategic priorities that will guide TLCPL over the next four – five years. These have been shared with staff over the last month. An image of all of this was created by Root illustrators who sketched over the sixteen hours that ELT worked together. This is a bold vision, a stake in the ground on how TLCPL will lead and how people use the Library. There are six key strategic priorities for the next four and a half years.

- Help children learn to read: Success looks like direct measurable impact in the
 individual lives of children birth third grade through TLCPL tutoring, reading
 and teacher outreach programs in direct support of increasing the Kindergarten
 Readiness Assessment rate and the passing rate of the Third Grade Reading
 Guarantee.
- Help students succeed: Success looks like creating pathways to success in the individual lives of students and young adults through participation in TLCPL after-school programs, strategic partnerships, and mentorship programs.
- Help adults expand their horizons within our areas of expertise: Success looks like 90% of Lucas County residents have an active Library card.
- Provide technology access: Success looks like every person in Lucas County has access to a computer and Wi-Fi when they need it.
- Provide technology skills development: Success look like every customer can go to any location, at any time, to meet and/or expand their technology skills.
- Serve as the go-to community connection and hub: Success look like TLCPL is the institution that community members turn to when they want to engage one another or connect with vital community resources.

The culture of our organization is at the heart of how TCLPL serves the community. The Library has a shared commitment to treat each other with a level of respect and professionalism to serve our community.

Employment Report The employment report was approved on motion of Mr. Johnson, seconded by Mr. Dansack; all voted aye, motion carried.
